**Code of  
Conduct**

## 2.0 Code of Conduct

By now, you may have guessed that we take driving and safety pretty seriously. We believe that driving requires not only skill, but also maturity and responsibility. Adherence to our policies, guidelines, and the code of conduct reflects a student's readiness for the challenges and responsibilities of driving. If a student consistently struggles to follow our policies or exhibits behavior that indicates a lack of maturity, it may be an indication that they are not yet prepared to handle the responsibility that comes with obtaining a driver's license. If issues persist, we reserve the right to discontinue the student's enrollment. Our primary goal is to ensure each graduate is prepared for safe and conscientious driving in terms of both skill and mentality.

### FOR STUDENTS

#### 1. Attendance

Students are expected to attend all classes for the entire duration of each 2-hour class and complete all quizzes. Attendance is strictly enforced due to the DMV set requirement for 2 full hours of class time.

#### 2. Be On Time

Students should arrive to class 10-15 minutes early in order to mitigate any potential technology issues and become mentally prepared for learning. We appreciate students arriving early to lessons – but please wait to interact with the instructor until the time of your lesson. Instructors may be finishing up a prior lesson, so we ask for your patience.

#### 3. Respectful Behavior

Students should communicate with all TNS staff and classmates in a respectful and appropriate manner, refraining from any inappropriate or disrespectful language, swearing, teasing, or bullying.

#### 4. Follow Safety Rules

Students should follow all safety rules and regulations while operating any vehicles during the course, including wearing seat belts and obeying all traffic laws.

#### 5. No Distractions

Students should eliminate all distractions while driving or in class, including cell phones, tv and other non-driving-related activities.

#### 6. Follow Instructions

Students should follow the instructions of the instructor while in the classroom or behind the wheel.

#### 7. Honesty

Students should be honest with the instructor about their driving experience, skill level and participation while in our program. We do not condone dishonesty or unsafe driving practices.

## FOR PARENTS & LEGAL GUARDIANS

### 1. Attendance

Parents or guardians are expected to ensure their child attends all classes and completes all quizzes. A parent or legal guardian must attend the parent class with their student if the student is under 18.

### 2. Be On Time

Parents or guardians should ensure their child arrives 10-15 minutes early for class and is prepared to participate. Parents should arrive 10 minutes prior to the end of a driving lesson, in order to review feedback from the instructor or any skills that require additional practice. Please refrain from arriving late to pick up your student from driving lessons. We appreciate students arriving early to lessons – but please wait to interact with the instructor until the time of your lesson. Instructors may be finishing up a prior lesson, so we ask for your patience.

### 3. Respectful Behavior

Parents or guardians should communicate with all TNS staff in a respectful and appropriate manner.

### 4. Follow Safety Rules

Parents or guardians should encourage their child to strictly follow all safety rules and regulations while operating any vehicles at any time.

### 5. No Distractions

Parents or guardians should encourage their child to eliminate all distractions while in class or while driving. Distractions may include cell phones, tv, multi-tasking and other non-driving-related activities.

### 6. Follow Instructions

Parents or guardians should support the instructor by ensuring their child follows all instructions whether in the classroom or driving in our cars. Students should arrive to class or driving lessons fully prepared with everything they need.

# Zoom Class Policies

# 6.0 Zoom Class Policies

Adherence to our Zoom class policies is required per the DMV regulations. Please read our Zoom class policies prior to the start of your first class.

## ZOOM CLASS POLICIES

### 1. Legal Names on Zoom Account

Please make sure that your full legal name as spelled on your learner's permit, appears on your zoom account. If you have a nickname you prefer to be called, you can add it after a dash after your legal name. Ex: James Smith - Jim. Instructors reserve the right to deny a student entry into class if the name doesn't match the class roster.

### 2. Cameras On

During class time, your camera must be on and pointed towards you on a stable/steady surface. Please do not point your camera at the ceiling or other areas in your room.

### 3. Sit Up and Take Notes

Please come ready to learn. You should be seated upright, in a quiet location, where you can remain focused and present for the duration of the class. We highly recommend that you use a physical notebook and take notes by hand. Research shows that this supports learning and recall.

### 4. Attendance and Punctuality

Show up and be on time. You must be fully present for the entire duration of the class in order to get credit for the class. Scheduled breaks will be given. Attendance will be taken periodically during class to ensure students are present for the full 2 hours.

### 5. Avoid Digital Multitasking

We understand the pull to do other things while in a Zoom class, like scrolling on your phone, playing games or checking your DMs. However, we challenge you to focus on the class materials in the same way you will have to focus (without distraction) while driving.

# Zoom Troubleshooting

# 7.0 Zoom Troubleshooting

## HOW TO USE ZOOM RESOURCES

### 1. Creating a Zoom Account

Before you can use Zoom, you will have to create a free account. Click [here](#) to create your free Zoom account. You will need to enter your email address and birthdate.

### 2. Downloading the Zoom App

Once your account is created, you can download the Zoom app to your device. Click [here](#) to download the app. You can choose to download the app to your computer, mobile device, or as a browser add-on.

### 3. Testing a Meeting in Zoom

If you've never used Zoom before, it can be helpful to try it out in a test meeting first. This will familiarize you with what your classes will look like and how to use Zoom's features. After you've set up a Zoom account and downloaded the app, click [here](#) to test out a meeting.

### 4. Accessing Your Class

A link to your Zoom classroom can be found in the student portal before your session. Just click the link and the Zoom app will open. Log in to your Zoom account, if prompted, and the Zoom app will open into your class.

### 5. Rescheduling a Missed Class

Need to reschedule a class you missed or need to move a class you've already scheduled? [Check out this video!](#)

### 6. Changing Your Display Name

For attendance purposes, please make sure that your display name is your full legal name, as spelled on your Learner's Permit, prior to joining our classes. Unsure how? [Check out this video](#) on How to Change Your Display Name on Zoom.

### 7. Using Zoom Virtual Backgrounds

You can add images that block out your background while using zoom. Click [here](#) for instructions and FREE Zoom Virtual Backgrounds!

If you are unable to join a class: email [zoom@thenextstreet.com](mailto:zoom@thenextstreet.com). While you wait for a response, please try troubleshooting with the tips below:

## TROUBLESHOOTING TIPS

- Try to access the Zoom link directly from your Student Portal
  - Try joining manually by visiting Zoom.us, sign into your Zoom account and click on “Join a meeting”. Enter the 10-digit code at the end of the zoom link.
  - Message stating “internal meeting” or to enter in a password, please be sure you are logged into your Zoom account. Go to Zoom.us and click sign-in from the top right.
  - Message stating “Waiting for host to start meeting”, it indicates that the instructor hasn’t opened the class yet. If it is before class starts, this is normal. If it is after the class is supposed to start, we may be having a technical issue.
- Please allow us a few moments to look into this. In the meantime, please log into the student portal (<https://students.thenextstreet.com>) to confirm you have the correct Zoom link.
- Disconnected from class and unable to rejoin, please contact the instructor at the email address or phone number they provided at the beginning of class. We will also attempt to contact the instructor to let them know you are waiting to get back into class.
  - Attempting to join after class has started, unfortunately we will not be able to provide credit and the class will have to be rescheduled due to DMV compliance regulations (Sorry, they are really strict about this!) You can reschedule class in the student portal.

If we are experiencing a technical issue that causes class to be unable to run as scheduled, the class will be rescheduled, and you will receive an email with updated information. If you do not receive the email within 48 hours, please check your student portal or contact us for assistance.

# Driving Lesson Policies

- 8.1 Scheduling & Rescheduling
- 8.2 Late Cancellation/ No Show Fee
- 8.3 Inclement Weather
- 8.4 What To Bring To Your Lessons
- 8.5 Driving Lesson Breakdown

# 8.0 Driving Lesson Procedures & Policies

Driving lessons begin with the basics so that the instructor can develop a good understanding of each student's experience, skill, knowledge and confidence. As lessons progress, the instructor will make sure that each core skill is learned before building upon it. Lessons will cover accelerating, braking, turning and parking maneuvers before graduating to lane choice, speed management, urban and rural driving, driving on hills, highway driving and mock road tests (if purchased). In addition to operational skills, students may be given the opportunity to fuel a vehicle, navigate a car wash and get that car through the drive-thru without a dent! We recommend that you practice for 8-10 hours between each lesson. We also have a useful driving log that you can use to plan and

track your driving practice. [You can download that for free here!](#)

While we do have a general curriculum for driving lessons, skill development varies between students. Our instructors tailor each lesson to the individual to allow for mastery of basic skills before moving on to advanced maneuvers. We encourage parents to review the lesson with the instructor and their student during the last 10 minutes of the lesson time, so that you have a good understanding of what skills were practiced that day and what skills need more practice at home. If you're not sure how to teach specific driving skills, we have excellent resources on [YouTube](#) and [TikTok](#).

## 8.1 Scheduling

At enrollment, you may have purchased a classroom package that also includes driving lessons. While we provide a pre-built classroom schedule for you, we do not pre-book driving lessons due to a variety of factors. You can schedule driving lessons as soon as you have your permit. Once your permit information is recorded in the student portal, you will be able to schedule driving lessons. We recommend spacing your lessons out to allow for at least 8-10 hours of practice time with a parent or guardian before your next lesson with an instructor.

**IMPORTANT NOTE:** all classes, driving lessons and or mock tests must be completed at least 5 days before a student's road test appointment per DMV regulations.

## Rescheduling

You can reschedule driving lesson appointments in the student portal at any time. Be sure that you cancel more than 24 hours in advance of your lesson so that you can avoid a late cancellation fee.

**\*PRO TIP:** If you have driving lessons booked during any summer months, we strongly recommend that students avoid cancelling if possible. We understand life happens and things come up. Our summer months are extremely busy and driving lessons can be tough to come by.

## 8.2 Late Cancellation /No Show Fee

If you must cancel a lesson under 24 hours in advance, you will be subject to our late cancellation fee. Please call the call center in this case as the student portal will not allow you to cancel a lesson under 24 hours from appointment time. Failure to show up to a lesson will result in an automatic no show fee on your student account.

## 8.3 Inclement Weather

In the event of inclement weather that causes unsafe road conditions or cancellation of zoom classroom sessions, we will send out an email, post on our social media channels and update our website with the closure information.

- For all classroom sessions, if we need to cancel due to weather, the class will be added to the end of the program following the classroom time.
- For all behind the wheel training, if we need to cancel due to weather, you will be able to reschedule through your student portal or over the phone.
- For all cancellations, students will be informed via email or phone before anything is canceled in their portal.

## 8.4 What to Bring to Your Lessons

- Students must have their official learner's permit (not a paper copy) on them for every driving lesson. Students that arrive without their permit will not be able to drive and will be subject to our rescheduling fee.
- We strongly encourage students to wear sneakers to their driving lessons. Wearing sneakers provides the best feel for learning and overall safety. Crocs, soft bottomed slippers, open-toed or open-heeled shoes are not permitted.
- Glasses/Contacts if you have a Restriction B
- If you need to cancel your driving lesson, please do so through your Student Portal. If the lesson is canceled within 24 hours, you are subject to a late cancelation fee.
- Please DO NOT attend a lesson if you feel sick, have symptoms, have tested positive for COVID or have had known contact with someone that has tested positive. If you are at risk, please notify us as soon as possible. We will do everything we can to get your appointment rescheduled within two weeks of the cancelled lesson or test.

## 8.5 Driving Lesson Breakdown

- When you arrive, the instructor will assess what number driving lesson you are on.
- Depending on the lesson number, the instructor will go over basics for that specific drive with you for roughly 10 minutes.
- From there you will be driving with the instructor.
- When you return after your lesson, the last 10 minutes will be spent going over the lesson. (If under 18 this will be discussed with your parent as well)

\*If you are a parent picking up your student at the end of a driving lesson, please take the time to interact with our instructor 10 minutes prior to the lesson end time and check in on your student's progress via their evaluation sheet. Students should use their evaluation sheet to inform their at-home behind the wheel practice before their next lesson with our instructor.
